Notes re the Ryde registers:

Church Registers

The entries from the Ryde church registers covering the years 1826 to 1856 (and beyond) are found in the Society of Australian Genealogists' microfilm reel 110-112 (held by SAG). For more information, see Index to the Microform Collection of the

Society of Australian Genealogists as at 31 January 1990 (SAG, Sydney, 1990, p.99). These were not used for the BDA transcriptions as they were difficult to access for BDA staff.

Clergy Returns

These are copies of the church registers sent to the government (similarly to the Bishop's Transcripts in England), and begin in 1826 for Ryde (listed at the time as Field of Mars parish). As the Clergy Returns were easier to access for BDA data entry staff (through the ARK microfilms), these form the basis of the Ryde church register transcriptions.

Kerrison James Index

This index was not used as a transcription source for these BDA entries as it is merely an index extracted from the church registers and contains many errors.

NSW Registry of Birth, Death & Marriage Indexes

For the pre-1856 period, the online Indexes published by the NSW Registry of Births, Deaths and Marriages provides index entries for baptisms, marriages and burials found in registers they hold.

For Ryde, the BDM Indexes source entries from:

1. The Kerrison James Index listed above; that is Volumes 1-3 of ARK;
2. The Clergy Returns published in ARK.

***Not used:** These sources are copies of the originals and were only used if the originals proved difficult to read.
