Notes re the Maitland registers:

Church Registers

The entries from the East Maitland church registers covering the years 1828 to 1856 (and beyond) are found in the Society of Australian Genealogists' microfilm reel 3297 (held by SAG). For more information, see the Society of Australian Genealogists library catalogue at <https://www.sag.org.au>. These were not used for the BDA transcriptions as they were difficult to access for BDA staff.

BDA Source Description Pages

Scans of pages from East Maitland original parish registers held by the Anglican Diocese of Newcastle have in recent years been made publicly available online through the Special Collections section of the Library of the University of Newcastle, New South Wales.

The collection called 'Baptism, Marriage and Burial Registers - Archives of the Anglican Diocese of Newcastle' can be viewed online at this location:

<https://livinghistories.newcastle.edu.au/>

This resource has been used for transcripts of registers for 1832+.

Clergy Returns

These are copies of the church registers sent to the government (similarly to the Bishop's Transcripts in England), and begin in 1828/29 for Maitland East. As the Clergy Returns were easier to access for BDA data entry staff (through the ARK microfilms), these formed the basis of the Maitland church register transcriptions made for BDA prior to 2013..

Kerrison James Index

This index was not used as a transcription source for these BDA entries as it is merely an index extracted from the church registers and contains many errors.

NSW Registry of Birth, Death & Marriage Indexes

For the pre-1856 period, the online Indexes published by the NSW Registry of Births, Deaths and Marriages provides index entries for baptisms, marriages and burials found in registers they hold.

For the Maitland East, the BDM Indexes source entries from:

1. The Kerrison James Index listed above; that is Volumes 1-3 of ARK;
2. The Clergy Returns published in ARK.
